

ANKITA

Data Analyst | Python | SQL | Power BI | Tableau | Data Visualization | Machine Learning
+918121422285 • srivastavaankita1105@gmail.com • <https://www.linkedin.com/in/ankita1105> • Hyderabad, India

Summary

Detail-oriented **Data Analyst and Aspiring Data Scientist** with nearly four years of experience in data analytics, business intelligence, data visualization, reporting automation, and predictive analytics. Proficient in **Python, SQL, Power BI, Excel, and Machine Learning**, with hands-on experience transforming complex datasets into actionable insights that drive operational efficiency and support strategic decision-making. Experienced in developing interactive dashboards, automating reporting workflows, conducting exploratory data analysis (EDA), and building machine learning models across **banking, retail, e-commerce, healthcare, transportation, and environmental** domains. Passionate about leveraging data science and analytics to solve real-world business problems and deliver data-driven solutions.

Experience

Unified Mentor

Data Analyst Intern

02/2025 - 08/2025

- Improved business efficiency by 25% through data analysis and actionable insights.
- Built Power BI dashboards and automated reports using Python.
- Analyzed sales, inventory, and KPIs to support business decisions.
- Collaborated with teams to deliver data-driven solutions that improved performance.

Elevate Labs

Data Analyst Intern

04/2025 - 05/2025

- Automated reporting using Python and Pandas, improving efficiency by 30%.
- Analyzed and visualized 15+ datasets to support business intelligence.
- Built data-driven insights that improved decision-making and workflow efficiency.
- Awarded Best Performer for outstanding technical contributions.

AlmaBetter

Data Analyst Intern

06/2024 - 03/2025

- Completed EDA-focused projects using Python, SQL, and Power BI, enhancing data analysis capabilities through practical applications.
- Analyzed Banking Fraud, Amazon Prime Content, and Logistics Performance datasets, deriving actionable business insights.
- Performed data preprocessing, cleaning, and visualization for enhanced accuracy in 5 business reports.
- Strengthened analytical and statistical skills by completing 4 business case studies with real-world data.

Delinquency Prediction

Freelance Independent Projects

02/2024 - 05/2024

- Built a predictive model to identify customers at risk of loan delinquency using historical financial and behavioral data.
- Conducted feature engineering, class balancing, and model evaluation to support proactive credit risk management.
- Tools: Python, Pandas, Scikit-learn, SQL, Matplotlib.

Predicting Atmospheric Ozone Behavior with Advanced Time-Series Analytics

Freelance Independent Projects

07/2024 - 08/2024

- Developed time-series forecasting models to analyze atmospheric ozone patterns and predict future ozone levels.
- Applied feature engineering and model evaluation techniques to improve forecasting accuracy.
- Tools: Python, Pandas, Statsmodels, Scikit-learn, Matplotlib.

Coral Health Classification Using Deep Learning

Freelance Independent Projects

08/2024 - 09/2024

- Built a deep learning image classification model to identify healthy and unhealthy coral reef conditions.
- Applied image preprocessing, data augmentation, and CNN architectures to improve classification performance.
- Tools: Python, TensorFlow/Keras, OpenCV, NumPy.

Google Play Store Apps Rating Prediction

Freelance Independent Projects

05/2025 - 08/2025

- Developed a machine learning model to predict app ratings using app metadata, reviews, and usage metrics.
- Performed feature engineering, model training, and evaluation to improve prediction performance.
- Tools: Python, Scikit-learn, Pandas, Matplotlib, Seaborn.

ICICI Prudential Life Insurance

Insurance Operations & Sales Coordinator

Patna

09/2019 - 12/2019

- * Recruited and managed **25 insurance advisors** to support sales growth.
- * Conducted lead follow-ups, performance tracking, and reporting activities.
- * Delivered product training and sales support, improving advisor performance and sales effectiveness.
- * Increased sales volume by **15%** through effective team management and coaching.

Experience

Ujjivan Small Finance Bank

Patna

Loan & Banking Operations Executive

06/2018 - 09/2019

- Managed Home, Business, and Personal Loan operations with high accuracy.
- Processed 50+ loan applications monthly while ensuring compliance and documentation.
- Increased loan approvals by 20% through effective DSA coordination.
- Managed CASA accounts and delivered quality customer support.

Technical Skill and Certifications

Programming & Analytics:

Python (Pandas, NumPy, Matplotlib, Exploratory Data Analysis) • SQL (Joins, Subqueries, CTEs, Window Functions) •

Microsoft Excel (Pivot Tables, XLOOKUP, VBA, Automation)

Business Intelligence & Visualization: Power BI (DAX, Data Modeling, Dashboard Development, KPI Reporting) • Tableau • Data Visualization & Reporting

Machine learning and Data Science:

Scikit-learn • TensorFlow • Keras • Predictive Modeling • Classification • Regression • Clustering • Time Series Forecasting • Deep Learning • Regression • Time Series Forecasting

Data Engineering & ETL: Data Cleaning • ETL Processes • Open Refine • Data Transformation • Workflow Automation

Statistics & Machine Learning: Descriptive Statistics • Trend Analysis • Data Preprocessing • Model Training & Evaluation

Tools & Platforms: Jupyter Notebook • Microsoft Excel • Power BI Service • Google Colab

Microsoft Power BI: Your Skill

AlmaBetter Data Science Program: AlmaBetter

Forage Job Simulations – Tata Group: Forage

Forage Job Simulations – Deloitte: Forage

Tableau Reporting: Udemy

Advanced Python: Coursera

Data Science & Machine Learning Program: AlmaBetter

Key Achievements

💎 Business Impact:

Analyzed **millions of records** to identify trends, optimize business processes, improve forecasting, and support data-driven decision-making.

💎 Data Analytics & Data Science Projects:

Successfully completed **21+ end-to-end independent Data Analytics, Machine Learning, and Data Science projects** across banking, retail, healthcare, e-commerce, transportation, and environmental domains.

💎 Dashboard Development:

Designed and delivered **30+ interactive Power BI dashboards** and KPI reports to support business intelligence and executive decision-making.

💎 Recognition:

Awarded **Best Performer** at Elevate Labs for delivering impactful analytics solutions and technical excellence.

💎 Reporting Automation:

Automated **20+ reporting workflows** using Python, SQL, Excel, and Power BI, reducing manual effort and improving reporting efficiency.

💎 Technical Expertise:

Built predictive machine learning models, interactive dashboards, and automated data pipelines using **Python, SQL, Power BI, Excel, and Scikit-learn**.

Education

Nalanda Open University

India

Master Of Computer Applications (MCA)

01/2017 - 01/2021

- Percentage: 69.9%

LN Mishra, Magadh University

India

Bachelor Of Computer Applications (BCA)

01/2014 - 01/2017

- Percentage: 71%
